 - Conceptualizing and expanding networks for LAN, WAN, and WLAN
 - Concepting and planning the Microsoft 365 Cloud Tools (Collaboration, SharePoint Online, MS Teams)
- Management and coordination of external service providers
- Ensure smooth IT-operations according to state-of-the-art IT security standards
- Contact partner for IT-related questions, consulting and supporting other departments
- Representative of the Director of IT

Your profile

- Completed training in IT (e.g. secondary vocational school, Higher Technical School)
- Minimum 5 years of professional experience in a comparable function, with a special focus on IT-infrastructure administration
- Excellent communication skills
- A clear vision, in which way IT-infrastructure and IT-services of tomorrow should be designed like
- Understanding for the bigger picture with the ability to combine different technologies
- Well-structured way of working, hands-on-mentality
- Resilience
- SAP know-how is an advantage
- Business fluent in German and English

Our Offer

- A highly collegial team and an excellent work atmosphere are awaiting you!
- During a comprehensive onboarding you will be introduced step-by-step into a position with freedom to design!
- Austrian company, embedded in a stable international corporate organization with attractive development possibilities
- Annual gross salary: from 43.000 € to 65.000 €, depending on your qualifications and professional experience
- Benefits: Additional performance-based bonus payment, home-office up to 50%, flexible working times, financial employer support of your daily lunch, various employee discounts, etc.
