

Juice Concentrates

THE TASTE OF NATURE IN OUR JUICE CONCENTRATES

At AUSTRIA JUICE, we ensure consistent product excellence through strong partnerships with farmers, a wide variety of raw materials, and advanced quality control systems. Our commitment to stability and sustainability helps us capture the pure taste of nature in every drop of our juice concentrates.

THE JOURNEY FROM ORCHARD TO CONCENTRATE

YOUR ADDED VALUE

- Direct raw material access
- Technical knowledge & centralised quality analysis
- Certified to global standards (ISO, Organic, HACCP, Kosher, Halal & more)
- Professional approach to sustainability (stock listed)
- Long term experience in production and partnership
- Cooperation with 1500 farmers in the SustainAPPLE project
- Stable quality supply the whole year

SHAPING A SUSTAINABLE TOMORROW

For us, sustainability means taking responsibility for our planet and future generations. We made a commitment to use 100 % sustainable raw materials by 2030 and to ensure that every step of our production process complies with environmental and social standards.

OUR SUSTAINABILITY STANDARDS FOR PRODUCTS

Our products are considered sustainable if they meet strict standards - from responsible agricultural practices verified by the Farm Sustainability Assessment (FSA) to social audits at our storage and production sites.

OUR CONTRIBUTION TO MORE SUSTAINABILITY

- We support sustainable farming practices through projects like SustainAPPLE, where planting resistant apple varieties helps reduce pesticide use by up to 60 %.
- By continuously investing in renewable energy and installing photovoltaic systems, we have increased the share of green electricity in the EU to 94 %.
- Since 2019, we have successfully reduced our emissions by 33 % and our water consumption by 12 %, reinforcing our commitment to environmental stewardship.
