

FTNF Flavours

FLAVOURS FROM THE NAMED FRUIT

For our delicate FTNF flavours we process the highest quality, fresh fruits into juice concentrates. In a sophisticated process, the AUSTRIA JUICE water phases are concentrated from fruit essences up to 5,000 times, and preserve through gentle extraction the genuine 100% taste of our diverse variations.

FROM FRUIT TO FLAVOUR - OUR PRODUCTION PROCESS

YOUR ADDED VALUE

- State of the art laboratory equipment
- Inhouse produced raw materials (fruit juice concentrate production)
- Tailor made blending of FTNF flavours for your desired taste profile
- Direct blending into corresponding concentrate or beverage compound
- Selection of different taste profiles within one fruit
- Waterphase flavours available 150 - 5000 fold concentrated
